720 DRY-AIR BLANKET

Dry Air Protection for Air and Moisture Sensitive Resins

Description: 720 Dry-Air Blanket is a specially formulated blend of neutralized and de-moisturised gases. An aerosol spray for covering and protecting unused portions of urethanes and resin concentrates from the detrimental effects of moisture and air.

Application: After using the urethane or resin spray "720 Dry-Air Blanket" into the container with a 'single-squirt' action for no longer than 2 seconds and re-seal container immediately.

Pack Size: 200g in standard aerosol can

Conditions of Sale: Chem Pack Pty Ltd shall not be liable for any loss, injury, damage or death, whether consequential or otherwise whatsoever or howsoever arising whether through negligence or otherwise in connection with the sales, supply, use or application of this product. The supply of this product is on the express condition that the purchaser does not rely on Chem Pack's skill or judgement in purchasing or using the same and every person dealing with this product does so at his own risk absolutely.
